

## GEN 3.2 AERONAUTICAL CHARTS

### 1 Responsible services

The Civil Aviation Administration of ALGERIA provides a wide range of aeronautical charts for use by all types of civil aviation. The Aeronautical Information Service produces the charts which are part of the AIP.

Charts, suitable for pre-flight planning and briefing, are available for reference at aerodrome AIS units. (Their addresses can be found under paragraph 3 below.) The charts are produced in accordance with the provisions contained in Annex 4 — Aeronautical Charts.

### 2 Maintenance of charts

The aeronautical charts included in the AIP are kept up to date by amendments to the AIP. Corrections to aeronautical charts not contained in the AIP are promulgated by AIP Amendments. Information concerning the planning for, or issuance of new maps and charts is notified by Aeronautical Information Circular.

If incorrect information detected on published charts is of operational significance, it is corrected by NOTAM.

### 3 Purchase arrangements

The documents published by the Aeronautical Information Service are on sale every day (except Friday and Saturday) from 07H00 / 15H00. It is also possible to obtain these documents on request by forwarding to the address below an order letter including:

- a) The title (or designation) and the number and, if possible, the reference number of each document requested.
- b) The name (or business name) of the recipient and the address to which these documents will be shipped.

NOTE: Do not attach any payment document (money order or cheque) to this order letter.

The Aeronautical Information Service then specifies in its response to this order letter:

- a) Documents available at the store that can be sent without delay.
- b) The terms of payment of this total amount.

AIS address:

Service de l'Information Aéronautique  
Route de Cherarba-Oued Smar  
BP. 70D Dar El Beida –Alger- Algérie

Tél & FAX: 00 213 23 97 85 47

IMPORTANT: No shipment is made against refund; all shipments are made by unregistered parcel post, at the risk of the recipients.

Regarding NOTAMS and Amendments to aeronautical information publications, their consignments are normally made by air.

Regarding topographic charts, aerial photography and vectorial digital data, it is published by the National Institute of Cartography and Remote Sensing (INCT):

Institut National de Cartographie et de Télédétection (INCT)

123, Rue de Tripoli- 16040 Hussein Dey – Alger

TEL : +213 21 47 00 30

Telefax : +213 21 23 43 81

The National Institute of Cartography and Remote Sensing (INCT) has a commercial agency for topographic charts and cartographic products selling located in:

Palais des expositions –Pins maritimes- Alger

TEL : +213 21 21 91 07

Telefax : +213 21 21 91 11

Publications are delivered directly to the sales counter, open from Sunday to Thursday from 07H00 to 16H00 or sent on request to the sales department of Charts.

The payment of the order can be carried out either in cash at the cash desk of the sale service, by transfer to postal cheque account (CCP) 1552 04, issued in the name of "Institut National de Cartographie et de Télédétection (INCT)". Any order covered by its amount (including postage and packing) is shipped at the "Printed Registered" postage rate.

When an order is not paid in advance it is shipped at the rate "printed registered against reimbursement" postage and packing are advanced by Institut National de Cartographie et de Télédétection (INCT) and included on the invoice.

#### 4 Aeronautical charts series available

The following series of aeronautical charts are produced:

- a) Aerodrome Chart — ICAO;
- b) Aerodrome Obstacle Chart — ICAO — Type A (for each runway);
- c) Aerodrome Obstacle Chart — ICAO — Type C;
- d) En-route Chart — ICAO;
- e) ATC Surveillance Minimum Altitude Chart — ICAO;
- f) Standard Departure Chart — Instrument (SID) — ICAO;
- g) Standard Arrival Chart — Instrument (STAR) — ICAO;
- h) Instrument Approach Chart — ICAO (for each runway and procedure type);
- i) Visual Approach Chart — ICAO.

The charts currently available are listed under 5. of this subsection.

#### 5. List of aeronautical charts available

<i>Title</i>	<i>Used Scale</i>
EN-ROUTE chart « ALGERIA »	1/3.000.000
Visual approach charts	1/200.000, 1/250.000 and 1/300.000
Instruments approach charts	1/500.000.
AERODROME CHARTS - ICAO	1/10.000, 1/15.000 and 1/25.000
AERODROME OBSTACLES CHARTS « TYPE A » - ICAO	Horizontal Scale: 1/15.000, 1/20.000 and 1/25.000. Vertical Scale: 1/1.500, 1/2.000 and 1/2.500.
TOPOGRAPHIC CHARTS FOR PRECISION APPROCH - ICAO	Horizontal Scale: 1/2.500 Vertical Scale: 1/500
INSTRUMENT STANDARD DEPARTURES AND ARRIVALS CHARTS - OACI	1 /500.000
RADAR MINIMUM ALTITUDE CHARTS -ICAO	

**6 Index to the world aeronautical chart (wac)-icao 1:1000000 (NOT APPLICABLE)**

**7 Topographical charts(not applicable)**

**8 Corrections to charts not contained in the AIP(NOT APPLICABLE)**
